I am pleased to write this letter of recommendation for Antony Ancil who I supervised as Dean of College Services at the Higher Colleges of Technology (Fujairah) UAE from 2005-2007. During that period Antony acted as Administrative Assistant responsible for transportation (vehicle bookings, maintenance, driver) as well as support to stationery (mail distribution and supplies) and a number of other tasks. He was indisputably and an invaluable asset in his support of academic and administrative staff with arrival and orientation.

Antony was extremely dependable and trustworthy. As the driver of students, he could be counted on to fulfill his role with responsibility and discretion, not always easy. He was always ready to jump to action in an emergency and manage it effectively. He was always available to help even outside his assigned tasks. His pleasant style and generosity made him a joy to work with.

Antony was committed to improving himself, always researching, studying and stretching his limits. He was open to challenges and has continued to be over the years. He was also always willing to share his expertise.

I have kept in touch with Antony and have been pleased to see where his path has led. I am convinced that he would be an asset to any organization. Please do not hesitate to get in touch with me for further information.

Antony is an excellent facilities officer and can be relied upon to support the organisation where he is working in all aspects of his work. He is always punctual, well-presented and a tireless worker who will not stop until the job is completed successfully. I have never known him miss a deadline and he can be entrusted with the most complex projects.

I know Antony since 2007 and he a very committed individual in what he does. He is a people person with great respect and a cheerful personality. He was responsible with financial duties and he was very honest in his dealings. He is a pleasant person to work with. I wish you the best in all your endeavours.

I worked with Antony for several years and would re-hire him for an appropriate role.

Antony is a kind, gentle and conscientious person. He always performed his assigned tasks to the best of his ability and often went beyond expectations.

He has strong interpersonal skills and relates well to all people.

Antony would be an asset to any employer.

Higher Colleges of Technology

January 17th, 2023

I would fully recommend Antony Ancil for any administrative position having known him since 1999 by reputation, when he worked in the Fujeirah Higher Colleges of Technology. As the founding Director of the Madinat Zayed and Ruwais Higher Colleges of Technology in 2006 and 2007, I was able to attract the best employees from around the system, and Antony was one of the most highly recommended. He joined our team in December 2007 as Facilities Administrative Assistant and brought his energy, attention to detail and collaborative teamwork spirit to our remote campuses. I worked directly with Antony until I was transferred back to Abu Dhabi, but I continued to deal regularly with him until his position was Emiratized in September 2019. He was a key member of the administrative staff and earned his promotion to Facilities Officer and Asset Controller where he continued to make a positive impact on the day-to-day operations at both campuses.

He was responsible for all elements of facilities management at the Madinat Zayed Campus and was the link between the two Western Region Colleges and the central Facilities and Administration Division (FAD) based in Abu Dhabi. He worked directly with all staff, faculty and management on campus and was particularly involved in the set-up of distant learning classrooms linking Madinat Zayed and Ruwais back in 2008. He was also responsible for asset records, petty cash, library orders and textbooks, portal maintenance and templates, campus events and exam administration.

Covering this wide range of duties, Antony continuously demonstrated his hard work and diligence, maintaining excellent hard copy and computer based records. He has a positive can-do attitude and a willingness to support every colleague, always helping to ensure we maintained our unique faculty and student centred environment across both the Madinat Zayed and Ruwais Colleges.

Antony is still greatly missed in the Western Region Colleges, and he made a significant difference throughout his time at the Higher Colleges of Technology.

Should you require any further information please feel free to contact me directly by email at pquirke@hct.ac.ae or by phone on 971-56 5011 230.

29 August 2024

Abu Dhabi

To Mr. Antony Ancil,

The Management and Staff have been fortunate since October 2019, when Mr. Antony Ancil took charge as an Administrator of the Delma Industrial Coating Est, Abu Dhabi UAE, and The Farm Story, Kollam and Palakkad Kerala, India

Antony brought his knowledge, expertise, and experience in multiple areas of Administration, computing, finance, facilities, and industrial, advising members of the management team for the entire development of the company in Abu Dhabi and Kerala. He is gifted and well-trained in multiple areas of talent for any institute.

He is hardworking and self-motivated, and teamwork is admirable, especially the detailed involvement of the task to complete within the timeline. Mr. Antony has been extremely helpful to us with online and offline administration finance activities and customer service follow-ups and procedures specifically during the covid pandemic era.

Delma Industrial Coating Est and The Farm Story Est. improved infrastructure development and standard operating procedures in many areas.

He supervised and installed the new solar panel systems for The Farm Story Establishment in Kerala. Agricultural production, sales, storage activities, and vegetable, and fruits festivals coordination and continuous maintenance procedures.

Delma's management and staff will be missed by Antony and wishing for future endeavours.
