REFERENCE LETTER

MR. ANTONY ANCIL

Facilities Officer / IT & AV Support / Asset Controller — HCT Western Region | December 2007 – September 2019

To Whom It May Concern,

I am pleased to write this reference letter in strong support of Mr. Antony Ancil, with whom I had the privilege of working closely during his tenure at Higher Colleges of Technology — Western Region (Al Gharbia), Madinat Zayed and Ruwais Campuses, UAE from December 2007 to September 2019.

Mr. Antony Ancil served in multiple progressive roles at HCT Western Region, including Administrative Assistant, Finance Assistant, Asset Controller, Facilities Officer, and Services Coordinator — demonstrating sustained growth, reliability, and operational excellence across more than a decade of service. Prior to his time at Al Gharbia, Mr. Antony also served at HCT Fujairah Campus from September 1999 to December 2007, bringing his total HCT service to over 20 years.

During his time at HCT Western Region, Mr. Antony was an invaluable colleague and a key contributor to campus operations. He provided essential support across IT infrastructure, AV systems maintenance, asset management, facilities coordination, and administrative operations. In 2008, he pioneered the setup of distance learning classrooms connecting two remote campuses — Madinat Zayed and Ruwais — via video-conferencing technology, demonstrating remarkable technical initiative and leadership well ahead of its time. He also led the full operational setup of the Baynounah Educational Complex, commissioning engineering laboratories, health science labs, and complete IT infrastructure from zero to fully operational.

I personally worked alongside Mr. Antony during a particularly demanding period of institutional growth and expansion in the Western Region. His contributions to budgeting, accounts coordination, and operational planning during this period were of significant value to our team and to the institution. Mr. Antony demonstrated not only technical competence but also a rare combination of initiative, reliability, and genuine commitment to the success of those around him. His multilingual capability — fluent in English and working knowledge of Arabic alongside Malayalam, Hindi, and Tamil — made him an exceptionally effective communicator in our diverse, multicultural environment.

Mr. Antony received the HCT Support Staff Award for Exemplary Service in Academic Year 2004–2005 — an institution-wide recognition of his outstanding contribution — as well as the HCT 10-Year Long

Service Award in 2010. These awards reflect the consistent quality of his professional conduct across his entire HCT career.

I recommend Mr. Antony Ancil without reservation for senior IT Support, Digital Systems Coordination, Administration, or Facilities Management roles. He brings a rare and highly valuable combination of 30+ years of international experience, technical expertise, operational leadership, and personal integrity to any organisation he serves. I am confident he will be an outstanding asset in any professional environment.

Please do not hesitate to contact me should you require any further information.

Yours sincerely,

Dr. Hesham Ibrahim Shehab
